### UNCLE SAM'S BOYS TO HAVE NEW UNIFORMS.

Change to Take Effect on January 1, Next.

WASHINGTON, July 17.—While Secretary Root was at Oyster Bay, the president considered and approved the report of the army uniform board. The order for the new uniforms will go into effect on January 1, when officers of the army are to be equipped according to the new regulations. Officers serving in the Philippines will be allowed to wear the old uniforms during their service there. Among the changes are the following:

The full dress coat is about the same as at present, save that the buttons are more spreading with ornamentation on the sleeve and with the rank designated on the sleeve instead of the shoulder knot. The dress coat will be what is called the dress blouse.

A new dress uniform is provided, consisting of a sack coat of woolen or cotton material of an olive drab color with trousers to match. It is intended to provide suits which can be worn in cold weather that are almost a duplicate of the present khaki uniforms worn in warm weather and in the tropics. A new design for the overcoat is adopted and is the only overcoat allowed. It is a double-breasted ulster of olive drab woolen material. This overcoat is to replace the old dark blue overcoat now worn.

General and staff officers are to have full dress uniforms, but not to be worn when mounted. A new full dress cap is provided, differing considerably from the present cap in design and trimmings. Service caps also are provided and the helmets are retained as are also the present campaign hats.

Shoulder straps are to be used only on the dress coat. On the service uniforms, the straps now used with the khaki uniform will be retained. A new pattern of sabre has been adopted for all officers in place of the sword now in use. Russet leather leggings are provided for all officers to be worn with the service uniform, but canvas leggings can be worn in the field. The button is of a new design to be of two sizes and is lightly covered.

### CANNOT BUY MATERIAL.

Because He Does Not Belong to Union He Can Secure No Stock.

FORT SCOTT, Kas., July 17.—Chas. A. Sturms, a plumber, who is unable to get into the Master Plumbers' Association of Kansas or to buy goods without being a member of the association has filed a suit preparatory to a prosecution of its officers under the anti-trust law.

Sturms alleges that wholesale houses will not sell to him without the con-

sent of the members of the association who are in business, that these members refuse their consent and he cannot get a stock.

NEW YORK, July 17.—In order that he may return to Germany and obtain a fortune of \$50,000 to which he recently fell heir and to which his right has been fully established, Richard Bassler has been pardoned by the New Jersey court of pardons. Bassler was sentenced to two years in state prison last fall, on a charge of burglary. The story of the crime as he related it to the court of pardons, was that while intoxicated he fell through a store window with no intention of stealing.

Another prisoner sentenced for 10 years in 1896, on a charge of breaking into a postoffice, was pardoned in order that he might take up the manufacture of a sewing machine invented by him while behind the bars. There are people who say that the benefit derived from the use of put-up medicines is imaginary. It is not the case with Dr. Pierce's Favorite Prescription, which makes weak women strong and sick women well. A woman may imagine she's weak, or may fancy she's sick, but her imagination can't add forty pounds to her weight. The positive proof of the curative power of "Favorite Prescription" is found in the restoration of health which is recorded in face and form, of strength which can be tested, and weight which can be registered in pounds and ounces.

The general health of women is so intimately connected with the local health of the womanly organs that when these are diseased the whole body suffers loss. Dr. Pierce's Favorite Prescription cures womanly diseases. It establishes regularity, stops weakening drains, heals inflammation and ulceration and cures female weakness.

"I am very glad to let other poor sufferers know what Dr. Pierce's medicine have done for me," writes Mrs. Edwin H. Gardner, of Beechwood, Norfolk Co., Mass. (Box 70). "You know I wrote to you last summer. I read what your medicine had done for other people, so I thought I would try it, and I found it was a blessing to me and my family. I began in June and took six bottles of your medicine, and three of 'Pellies.' I took your medicine a year when I had a ten-pound girl. I had the easiest time I ever had with any of my three children. I have been very well since I took your medicine. I took three bottles of 'Favorite Prescription,' three of 'Golden Medical Discovery,' and three of 'Pellies.' I had no appetite and could not eat much without it distressing me before I took your 'Favorite Prescription,' and I only weighed 105 pounds. Now I weigh 175."
